

MAY 2004 TRAINING SEMINAR IN BEST PRACTICES IN INDUSTRIAL EFFLUENT MANAGEMENT

Following on the successes Advocacy for Environmental Restoration – Zambia (AREZM) has achieved in monitoring and testing various types of industrial effluent in the Kafue District industrial area, a one day seminar is proposed. The meeting therefore comes at a time when there is a growing need to curb pollution and assist industries comply with the requirements of the Environmental Protection and Pollution Control Act (EPPCA).

AREZM will at the seminar share its experiences from the numerous observations and discussions held with plant personnel and highlight views documented by regulatory authorities and other parties.

Target Group

Line managers in charge of effluent disposal in industries as well as regulators and policy makers in local authorities and government.

Seminar Content

- The pollution cycle as it exists in the Kafue District
- Regulatory requirements for dealing with effluent as elaborated in the EPPCA and other legislations
- Skills and equipment needs for effluent management
- Options for safe disposal of industrial effluent

Date and Venue

Friday 28th May 2004 at the River Motel, Kafue.

Seminar Organiser

The contact person for the one day seminar is Mr. C V Lungu at metalmins@yahoo.com, clungu@mines.unza.zm and arezm@yahoo.co.uk. The postal box is AREZM PO BOX 48 University of Zambia, LUSAKA. Tel.: +260-96-954007.
