New Programs for Months of June/July This

June
students

in Ms. Robinson's, Trish's and Pam's will be introduced to **"Maurice Ashley Teaches Chess"**. This program provides a step by step approach to learning chess basics, strategies and key moves. Students of **all ages** will also enjoy using their minds to logically problem solve math puzzle problems and attributes in **"Logical Journey of the Zoombini's"** and in **"Strategy Games of The World"**. Each of these programs offers children a new interactive game in each level and an opportunity to use their logical thinking skills in mastering them. Cultural games like "Mancala", "Nine Men's Morris" and "Go Moku" are all part of "Strategies Games of The World". Strategy and logical thinking are necessary to lead the Zoombini's safely off Bloats' island prison through the puzzles in "Pizza Troll", "Allergic Cliffs", raging waters, bullying Fleens and more!

**SUMMER LEARNING AND FUN IS
HERE... AT COMPUTER LAB!!!!**

Coming Soon...In July!!

Students of **all ages** will be introduced to

"Thinkin' Things II". This program will provide children with an introduction to musical instruments sounds and fun packed interactive activities!!

Finally, if all goes as planned or hoped for, all students will have an opportunity to **Surf the Internet with Netscape Navigator starting this summer!** This

opportunity will require parental consent, as well as a signed contract by the Parents and Students regarding "Rules of The Road" and "Netiquette". Those students who are granted permission to browse the Internet will be given e-mail addresses to use and will have the opportunity to create their very own personal web pages, as well as participate in interactive games, research and guided web surfing!! So be sure to **join us this summer** for plenty of learning and fun!!!!
