

Superior-Beings for other beings located below them

7.	The universe	3. Motive-force 2. God 1. Counter-matter	Creation of goals	Transformation of entire reality	Space	Worlds	
6.	God	3. Physical world 2. Programs 1. Counter-matter	Improvement of the entire universe	Creation	Knowledge	Creativity	
5.	People	3. Mind 2. Soul 1. Body	Generation of knowledge	Thinking	Animals (meat)	Knowledge	
4.	Animals	3. Instincts 2. Soul 1. Body	Movements and production of biological matter	Motion	Vegetation (biological matter)	Meat (proteins)	
3.	Vegetation	3. Life mechanisms 2. Code of life DNA 1. Organic matter	Production of organic matter	Processing	Minerals	Organic matter	
2.	Minerals	3. Programs 2. Links 1. Atoms	Building materials for life	Usefulness	Atoms	Building materials for bodies of living creatures	
1.	Atoms	3. Programs 2. Element. particles 1. Whirls of CM	Formation of complex physical structures	Cooperation with other atoms	Main components of atoms	Components of useful minerals	
0.	Counter-matter (CM)	3. Behaviour progr. 2. 12 memories 1. Organism	Growth	Intelligence	Algorithms of own behaviours	Main components of atoms	
L	Name of being from a given level of life	Co	Main components of body in a given being	Goal of existence	Goal of life	What it consumes	What it generates
l		nt		Main goal of existence of given being		Main need and desirable product of the life of beings of given level
