COLOUR AND FABRIC TRENDS:

Spring into warmer weather with spring's carefree colours. Warm sand and yellow with oranges, pinks, violets and blues make their way into the spring colour palette.

Try a batik print in a drop-waist tank dress. If you're feeling girly, try a baby-doll top or dress from a soft chiffon or blend in a pretty print. Wear with embellished sandals.

Romance is in the air. Special occasions call for special fabrics. Look for fabulous fabrics like shantung, dupioni, satin and charmeuse in solids and floral patterns. Don't forget the finishing touches, accessories are the icing on the cake!

SPRING FASHIONS:

Spring forecasts tell us to look for feminine touches such as ruffles (3406, 3411), gathers and draping (3395, 3402, 3409), and details such as lace and trim (3400, 3402, 3407). Wrap styles and uneven hemlines (3409, 3410) will be big this spring.

Bridal and Special Occasion: KWIK•SEW® proudly introduces KWIK•SEW® Bridal. You can sew the wedding of your dreams. Dress to impress with our Special Occasion dresses: halter style (3402) and bareback design (3403). They can be worn by wedding attendants, for prom, or any social event.

KWIK Tip for SPRING 2006:

To avoid leaving holes or damaging the fine fabrics commonly used for special occasion dresses, use the thinnest pins you can find. Look for pins that are .4 – .5 mm or thinner.
