

## **Preamble to the LeRoy Rifle and Pistol Club Bylaws**

To all who join:

By applying for membership in LRPC, receiving instruction, participating in indoctrination, qualifying for membership, and being welcomed into the Club, you take a dramatic step further into the realm of firearms ownership and usage. Some will find their first opportunity to join with others and grow in formal instruction, proper usage, and necessary firearm safety. That's important. Some will simply find that "safe place to shoot". Still others will choose to enjoy the fellowship of participating in the various shooting disciplines, now being enjoyed by the membership, perhaps being encouraged to shoot competitively in larger arenas. Set your sights high. There are many possibilities. Should you, for any reason, leave, take with you the knowledge and skill you have gained. Pass it on. Now, while each of us are here in membership, fellowship, and sportsmanship, let us join together, expend our energies and talents to make LeRoy Rifle and Pistol Club better each year.

Thank you.  
LRPC Members
