# **I May be Crazy; But I'm Still Haunted!**

## **A Spiritual Journey Through Paranormal Experiences**

*By Mary C Miller*

Copyright by Mary C Miller

### **This book will empower you to:**

- Identify benevolent & malevolent spiritual entities
- Learn simple methods of improving positive spiritual experiences
- Know how to avoid many negative experiences with the paranormal
- Understand angels, spirits, demons, and other paranormal phenomena

### **Why I wrote this book:**

The strange spiritual experiences in my life left me with many unanswered questions. Positive experiences, while often comforting on some level, gave me a most uneasy feeling as I was in denial of paranormal phenomena on principal. Negative paranormal experiences paralyzed me with intense fear that was fueled by well-meaning friends and religious authorities. A lifetime of searching for TRUTH has led me to a comforting enlightened understanding of the paranormal that gives me the strength and courage to face each day and each new spiritual experience with inner peace and even joy. I wish this peace of mind for others who are struggling to come to terms with the strange occurrences in their own lives. If you are one of those tortured souls as I was, this book will help you to put spiritual things into perspective, understand the spiritual realm more fully, and face each new day with confidence and inner peace, even on your worst nightmarish day.
