

SCOUTS CANADA

Welcome to OTTAWA!

For your children

New community...new school...new friends.

The Scouting program helps to minimise the worries that can occur with a posting. From the get-go, youth and young adults meet new friends of the same age, in the same community, attending the same schools. With groups covering the Ottawa area, the program runs for the majority of the year teaching skills, self-esteem, leadership and one of the things that military members pride themselves on most...duty. Imagine that.

For yourself and your new community

We are always looking for good leaders. As a military member, you possess skills that we can certainly use! Whether as a section leader or as a support person, your experience in leadership, first aid, training development etc would surely benefit the youth of our community. If you've already been a Scouter, we encourage you to continue with us. If not, we'll gladly provide you with the training to allow it to happen. We all started somewhere. We hope you will too.

We are very proud of our program. We hope that you and your family will consider being part of Scouting while posted to Ottawa. If you have any questions at all, including the location of a Scout Group in your new surroundings, please feel free to call 1-888-Scouts-Now (1-888-726-8876). We'd love to hear from you!
