

Academic Activities of OSWB in the recent past

2nd Academic meeting of OSWB at Calcutta National Medical College

OSWB's 2nd Academic Meet was successfully held at Calcutta National Medical College on 16th December 2008 at 2.30 p.m. The perfect atmosphere of the classical afternoon clinical meeting with an interactive discussion made the session quite enjoyable.

Dr. Debnath Chattopadhyay delivered an informative lecture on "Prevention of posterior segment blindness". Dr. Khondakar Fakruddin under the guidance of Dr. Swapan Samanta presented 4 interesting cases of

different types of Optic Atrophy. Dr. Dayal Majumdar under the guidance of Dr. Jyotirmoy Datta presented 4 different cases of Corneal decompensation.

3rd Academic meet of OSWB... a meet to reminisce for a long time.

The 3rd academic meet of OSWB was one with a difference! It was a show of excellent clinical and other award winning videos produced by members of OSWB. It was befittingly titled "For Your Eyes Only" and screened at "Rangmanch", Swabhumi on 17th January 2009 at 7.30 p.m. Award winning video at AAO and ESCRS by Dr. Samar Basak was the special attraction and 139 strong attendance made it a grand success.
