## IMPORTANT - PLEASE READ

If a kit part number is unknown, the machine model number, serial number, and cylinder application will help identify the repair kit you need.

Example:   Model Number 580C  
                   Serial Number 5411021  
                   Cylinder Application Backhoe Swing

If none of the above information is known, size and description of the parts needed will almost always be sufficient.

## IMPORTANT – PLEASE READ

If a kit part number is unknown, the machine model number, serial number, and cylinder application will help identify the repair kit you need.

Example:   Model Number 544B  
                   Serial Number 226224  
                   Cylinder Application Loader Lift

If none of the above information is known, size and description of the parts needed will almost always be sufficient.
