BIOGRAPHY

I am a creative professional with extensive project experience from concept to development. I have worked in the industry of Architecture and Engineering for the last four years. I started out as a Structural Designer, where I learned the fundamentals of design and industry standards. I then started my own business, Blackstone Drafting & Design, where I am currently working in the Architecture and Engineering industry. I have a strong background in Graphic Design and 3D modeling.

EXPERIENCE

ARCHITECTURAL BUSINESS OWNER

Blackstone Drafting & Design
2017 - Present
Design consultant & contractor

ADJUNCT PROFESSOR

Southern Maine Community College
2015 - 2017

Taught Revit course at Southern Maine Community College with companies or individuals.

STRUCTURAL DESIGNER

Becker Structural

Started as a designer I am currently a BIM manager responsible for the design and construction of various projects.

SKILLS

Through my Associates degree I have gathered many skills in computer aided design as well as 3D Building Information Modeling. I have also worked with AutoCAD into the computer aided design software at Southern Maine Community College. Within the industry I have worked with modeling software as well as 3D Building Information Modeling. Through my professional experience I have developed a strong client interface and communication management through multiple projects.
