## NOTICE TO CITIZENS

September 15, 2008

Dear Resident

A renovation project, which includes exterior site work featuring ADA compliance items, retaining walls, tree removals, parking lot paving, storm water structures, fencing, area lighting and general encroachment clearing operations are scheduled in your area. This work started on September 11, 2008, and will be completed in approximately 220 days with a completion date of April 18, 2009. The limits of construction are:

Woodmont Community Center  
2422 North Fillmore Street

We know that during this construction improvement there will be some inconvenience caused by traffic, noise, and debris. Naturally, we hope to keep this inconvenience to a minimum. Your patience during this construction will certainly be appreciated. Due to safety concerns we may have to prevent vehicle parking in the facility parking lot and along North Fillmore Street from 24<sup>th</sup> to 26<sup>th</sup> Street intersections. I'm working with our CapTrack department manager to enable residents and center clients to view our progress documents on the Arlington County web site.

I will be the Construction Manager on this job. If you have any questions or need information during the renovation, please contact me at 703.228.7494 (office); 571.220.1876 (mobile); 703.228.3093 (fax) or email [ajones@arlingtonva.us](mailto:ajones@arlingtonva.us).

Sincerely,

A handwritten signature in black ink, appearing to read "Anthony Jones".

Anthony Jones  
Construction Manager
