Marietta, Georgia**

The Marietta *Gone With The Wind* Museum will host a re-creation of the 1939 premiere of *Gone With The Wind* on NOVEMBER 13-14, 2009. This major event is in conjunction with the 70th anniversary of the film and the 175th birthday of Marietta, both of which take place in 2009.

Robert Osborne of Turner Classic Movies has confirmed participation as the emcee for the event, and the newly renovated Strand Theatre will show the movie.

Several *GWTW* cast members have confirmed appearances, but a full listing of names will not be released until all who have been contacted, respond. They are working to bring in some of the cast members and/or *GWTW*-related names who have not appeared in Marietta before.

If you are interested in receiving more information on this event or attending the event, let me know.
